# Victory Ikuomola

Software Engineer {PHP, NodeJs, Python}  
Lagos State, Nigeria

## Summary

An experienced, and efficient software engineer.

With a primary focus on back-end web development, I develop and maintain highly-optimized and scalable web applications, web services, and application programming interfaces that meet their objectives.

I am a graduate of Computer Science and information technology, from Bowen University, with verifiable years of experience in this domain.

Skill set: PHP, Laravel, Yii2, Slim, Javascript, Node JS, Python, Flask, Django, Dart, SQL, Git.
